LISTING OF CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application.

Claim 1 (Previously Presented) A method of incentivizing a person by determining and providing a tradable capital value of the person, comprising:

determining a portion of a future revenue of an economic entity which is attributable to an individual business unit (IBU), the IBU representing a person in the economic entity;

determining a portion of a future cost of the economic entity which is attributable to the IBU;

determining a future profit of the economic entity which is attributable to the IBU; and

capitalizing the determined profit of the IBU.

Claim 2 (Original) The method according to claim 1 wherein the step of capitalizing includes multiplying the determined profit by a number of periods over which the IBU is to be valued.

56149883-2

Claim 3 (Original) The method according to claim 1 wherein the step of capitalizing includes discounting the determined profit to a present value.

Claim 4 (Original) The method according to claim 1 wherein the capitalized profit is a tradable commodity that can be sold by the IBU, further comprising determining from the capitalized profit a cash portion and an equity portion for sale to a purchasing entity, the equity portion representing an equity stake in the purchasing entity buying the capitalized value of the IBU.

Claim 5 (Original) The method according to claim 4, further comprising repaying the capitalized value from a future profit attributed to the IBU.

Claim 6 (Original) The method according to claim 1 wherein the determined profit is capitalized over a predetermined time period and is a tradable commodity that can be sold by the IBU, further comprising:

buying by a purchasing entity the capitalized profit; and sharing between the purchasing entity and the IBU any additional profit that is generated during the predetermined

56149883-2

period through a reduced cost attributable to the IBU or an increased revenue attributable to the IBU.

Claim 7 (Original) The method according to claim 6 wherein the capitalized profit is determined using the following formula:

$$w = (Pn - sv - cv/a) \times t$$

wherein w is the capitalized profit, Pn is the determined profit attributable to the IBU, sv is a salary sacrifice by the IBU, cv is a cost saving attributable to the IBU, a is a division factor for apportioning the cost saving between the purchasing entity and the IBU, and t is a number of time periods over which the determined profit is capitalized.

Claim 8 (Original) The method according to claim 7 wherein Pn is determined by multiplying the future revenue of the economic entity by an allocation factor for the IBU.

Claim 9 (Original) The method according to claim 1, further comprising:

buying by a purchasing entity the capitalized profit; and

56149883-2

contracting with the IBU to permit the purchasing entity to collect at least a portion of referral fees from third party entities that are referred to by the IBU.

Claim 10 (Previously Presented) The method according to claim 1, further comprising determining an allocation factor for each IBU in the economic entity, and the profit attributable to each IBU is determined according to the allocation factor for each IBU.

Claim 11 (Original) The method according to claim 1, further comprising:

determining an allocation factor for the IBU in the economic entity, and

wherein the revenue, cost and profit attributable to the IBU are determined according to the same allocation factor for the IBU.

Claim 12 (Original) The method according to claim 1, further comprising:

determining a profit allocation factor for a portion of the future profit of the economic entity which is associated

56149883-2

with an indirect IBU, the indirect IBU representing a person in the economic entity and having no attributable revenue; and determining the associated profit according to the determined profit allocation factor.

Claim 13 (Previously Presented) A method of incentivizing a person by determining and providing a tradable capital value of the person, comprising:

determining a portion of a future profit of an economic entity which is attributable to an individual business unit (IBU), the IBU representing one person among a plurality of persons in the economic entity and the determined profit being owned by the IBU; and

capitalizing the determined profit of the IBU, the capitalized profit being a tradable commodity that can be sold by the IBU.

Claim 14 (Original) The method according to claim 13, further comprising determining from the capitalized profit a cash portion and an equity portion for sale to a purchasing entity, the equity portion representing an equity stake in the purchasing entity buying the capitalized value of the IBU.

56149883-2

Claim 15 (Original) The method according to claim 13,
further comprising:

buying by a purchasing entity the capitalized profit; and
sharing between the purchasing entity and the IBU any
additional profit that is generated through a reduced cost
attributable to the IBU or an increased revenue attributable to
the IBU.

Claim 16 (Original) The method according to claim 13
wherein the capitalized profit is determined using the
following formula:

$$w = (P_n - sv - cv/a) \times t$$

wherein w is the capitalized profit, P_n is the determined
profit attributable to the IBU, sv is a salary sacrifice by
the IBU, cv is a cost saving attributable to the IBU, a is a
division factor for apportioning the cost saving between the
purchasing entity and the IBU, and t is a number of time
periods over which the determined profit is capitalized.

Claim 17 (Original) The method according to claim 13,
further comprising:

buying by a purchasing entity the capitalized profit; and

56149883-2

contracting with the IBU to permit the purchasing entity to collect at least a portion of referral fees from third party entities that are referred to by the IBU.

Claim 18 (Previously Presented) A method of incentivizing a person by determining and providing a tradable capital value of the person, comprising:

determining a portion of a future revenue of an economic entity which is attributable to an individual business unit (IBU), the IBU representing one worker among a plurality of workers in the economic entity and the determined profit being owned by the IBU;

determining a portion of a future cost of the economic entity which is attributable to the IBU;

determining a future profit of the economic entity which is attributable to the IBU, the determined profit being owned by the IBU;

capitalizing the determined profit of the IBU; and
selling the capitalized profit to a purchasing entity.

Claim 19 (Original) The method according to claim 18 wherein the capitalized profit is determined using the following formula:

- 9 -

NYCDMS/994644.1

56149883-2

$$w = (Pn - sv - cv/a) \times t$$

wherein w is the capitalized profit, Pn is the determined profit attributable to the IBU, sv is a salary sacrifice by the IBU, cv is a cost saving attributable to the IBU, a is a division factor for apportioning the cost saving between the purchasing entity and the IBU, and t is a number of time periods over which the determined profit is capitalized.

Claim 20 (Original) The method according to claim 18 wherein Pn is determined by multiplying the future revenue of the economic entity by an allocation factor for the IBU.

Claim 21 (Original) The method according to claim 18, further comprising contracting with the IBU to permit the purchasing entity to collect at least a portion of referral fees from third party entities that are referred to by the IBU.
